| 25X1A |   | 1. | inferred that details of the divisionsheld their previous positions in the  |     |
|       |   |    | area north of the Spree River until 1 July and that the city of Ferlin was vacated during the night on 1 July. Rear details, including tanks, were in Priedrichshain north of Stalin Allee as late as 3 July. It is possible that units of the division or tanks of the division were entrained at railroad stations in the northeast section of Ferlin or at the outer freight ring. | 5   |
| 25X1A |   | 2. | Comment. Similar observations were made for the 1st Necz Div for the period from 30 June to 3 July. No information is available on a departure fa known destination or loadings.  | or  |
